dck worldwide Sells Guam Division to Pernix

PITTSBURGH – **dck worldwide, LLC** has finalized the sale of certain assets of its Guam operation, **dck pacific guam, LLC** and its fully owned subsidiary, Bishman Continental Services (BCS), to Pernix Group, Inc. The sale also includes **dck worldwide, LLC**'s membership interest going forward in **dck-ecc pacific guam, LLC**, a joint venture with Environmental Chemical Corporation with operations in Guam. **dck pacific guam**'s approximately 180 employees have been providing construction expertise throughout Guam since 1985 to the military, retail, hospitality, industrial, commercial, and healthcare markets.

In 2014, **dck worldwide** entered into a due diligence period, and through that effort it was determined by both **dck** and Pernix that this transaction would be beneficial. "This transaction is a good fit strategically for the employees of Guam, and it allows **dck** to further refine our focus on target markets," said **dck worldwide** CEO and President Stephen D'Angelo. "**dck pacific guam** has been very successful thanks to the quality of the work, the commitment and dedication of the employees, and the importance of the projects for the region. I am very grateful for the dedication, loyalty and determination of the staff. I am confident that the Pernix Group will give them the opportunity to continue to be a growing entity and retain their position as one of the oldest and largest contractors on the island."

dck worldwide is a global construction company specializing in developing, managing and building highly complex projects in several core markets, including federal/military, hospitality, multifamily, and retail. As construction leaders with a 93-year history, **dck worldwide** provides design-build, pre-construction, program and construction management, and general construction services to corporations, developers, and government entities. Headquartered in Pittsburgh, Pennsylvania, **dck worldwide** operates across North America, Hawaii, Asia, and the Caribbean with regional offices in Honolulu, Hawaii; Phoenix, Arizona; Irvine, California; and Ft. Lauderdale, Florida. For more information about **dck**, please visit www.dckww.com.
