ISLAND AIR ANNOUNCES OPERATIONAL PERFORMANCE FOR JULY 2017

HONOLULU — Island Air announced today that for the month of July 2017, 93.2 percent of its flights arrived on time and it completed 98 percent of its 2,068 scheduled flights.

*(With major airlines that report their on-time information to the U.S. Department of Transportation, a flight is counted as “on time” if it arrives within 14 minutes of its scheduled arrival time). **

Island Air publicly discloses its operational performance so that current and potential customers can see how the airline is performing as it continues to expand its service and provide Hawai'i residents and visitors with an alternative option for interisland air travel.
